

## ***In the tracks of a missionary- Chapter 24***

May we always remember that God is our strength, and our deliverer. We, missionaries, brothers in arms, Christian soldiers, and all of you with us, stand together, shield-to-shield, as we lift up our eyes to the hills, knowing that our help comes from the Lord (Psalm 121:1).

Our eyes are on the hills in Ukraine, Philippines, Thailand, Brazil, Costa Rica, Mexico, South Africa, and USA Prisons (cells instead of hills). God is at work. May we never forget the Lord's Power, His Protection, His Shield around us, wherever we may be, and in all that we do. Our watchword for 2022 is ***"Lest We Forget!"*** (Berachah Church. New Year Eve Service, 2021/22). We are always protected by God's Power, Purpose and Perfect Plan for our lives.

**Matsulu Bible Conference:** 2021 finished with our First Ever Matsulu Bible Conference. We pray that more pastors will be motivated to learn the Word of God through our ongoing pastoral training classes at Pastor Mamba's church, and to resume training in the halls of the Municipality. We also pray to see interest for a similar Bible Conference in Barberton. But no open doors as of yet.

**Matsulu & Barberton:** The weekly Saturday training classes have been continuing for three years. In both groups, there are faithful followers; listening, absorbing, growing and applying in situations and circumstances we may never fully know; preparing for what lies ahead. We thank God for those who attend, and pray that others will follow.

**Kruger National Park (KNP):** Christian Leadership training continues, but fraught with difficulties: Teaching in an area about the size of Israel, with strict restrictions. Our team with Dr Ezrom Mathumbu, has a mandate for the "spiritual training" of all staff in KNP. Kruger is home to 13 main camps and 17 bush camps, spread over 20 million hectares. All of the main camps have a village church, a designated pastor, and senior leaders. We have been charged to teach ***"Christian Leadership."*** Last year, we reached 4 of the main camps. We start up again in May. We pray for guidance, planning and perseverance to teach continuously and regularly.

**Divine Wisdom 365:** December 2021, we completed, published and printed Volume One of *Divine Wisdom 365*, with 90 days; Volumes 2, 3, & 4, will follow, to complete the 365 days. The study book is available on our website at [www.molinarmission.com/ebooks](http://www.molinarmission.com/ebooks).

***Prayer Request:*** *That whatever upheavals we may face in 2022, may they bring us to a greater sense of humility and understanding of God's Plan and Purpose for our mission in South Africa.*
